

FITTING INSTRUCTIONS

To Clean: wash with soapy water only and dry with a soft cloth.

1. Attach the circular metal brackets to the two metal hinges as illustrated using the phillips screws provided. When attached check that the 2 circular brackets line up with the pre set holes in the toilet pan.
2. If you should find the brackets do not line up with the holes in the toilet pan, simply loosen the phillips screws situated in the base of the 2 brackets (Ref A). You will find the brackets will be totally adjustable and line up with the 2 holes in the toilet pan.
If you require adjustment for the position of the seat, use either hole B or C for the fixing spindle (ref. Illustration).

Untighten fixing screw and bracket will adjust to fit the majority of toilet pans.

3. Once you have repositioned the brackets, retighten the 2 phillips screws and the proceed to fit the seat.
